VOL. LX: No. 18 REDWOOD CITY, CALIFORNIA, SATURDAY, JULY 31, 1920 ESTABLISHED 1859

PISSIS TRACT SI IDEAL FOR HIGH SCHOOL

The availability of the Pisis tract as a new site for the High School is generally conceded. It is now a choice between this tract and the present site. The High School building is outgrown. To accommodate the present number of students demands the addition of a large wing to the High School building. An architect has submitted a plan for dividing the assembly hall into two recitation rooms, and building a wing to the south of two stories, with an auditorium below and recitation rooms above. This would meet the needs of the school for the next five or may be ten years. But such a change in the building would cost about $40,000. The unwisdom of getting a total investment of $100,000 on the present site is plain enough to thinking people. It is not a greater investment there, that should be considered, but the early erection of up to date buildings on a site worthy of the school and its future.

It is only a matter of time until the demands of business will call for the removal of all schools from the present sites; and to have a tract of land in public possession large enough to meet the future needs of the school is imperative.

While the cost at $80,000 seems great, it is not great when measured by the value of surrounding property, and the choice quality of the Pissis tract. It is not a bare tract on which thousands of dollars must be spent to put it in fit condition. It contains many fine oaks, and a great number of eucalyptus trees planted long years ago, and now of great size and beauty.

Then there is a great number of rare trees and plants put there by the successive owners at large expense which add much to the charm of the surroundings.

Only great cities, by the generosity of men of wealth, have been able to acquire sites like this for public buildings of any kind, and then but rarely.

The great stable, long the pride of the peninsula, can be made into a gymnasium with limited expense. The main residence with its many rooms, and a store room as large as the assembly hall will no doubt serve a useful purpose. On the south part of the tract is another house unused since the earthquake that would make a fine domestic science building. It has a large covered porch that would be admirable for entertainments, musical and dramatic, with the audience under the trees. We have long wished for a suitable place for such things. Nearby is the great well, 160 feet deep lined with brick the full depth and pump with a water supply sufficient for all needs. The tank house contains a tank holding 6000 gallons of drinking water, and another of over 30,000 gallons for irrigation purposes. The water pipes laid under the grounds represent a small fortune. On the part of the grounds not covered with trees is plenty of room for athletic fields, and for agricultural experiments. Still another residence —the Lodge— is found in the corner of the grounds near the Highway.

Take it all in all we doubt whether any school in the great state of California has ever had the opportunity to vote to acquire such a site for its High School. The chance may never come again. Now is the time to act. I hope we shall have the wisdom to act wisely.

We are now settling the educational future of this community for the next 50 or 100 years. Why not settle it right. Then our descendants will rise up and call us blessed.

Redwood City, the county seat, is proud of the court house provided by the people of San Mateo county. The banks show the financial strength and soundness of the community. The tanneries, chemical works, new cannery and magnesia plants give evidence that manufacturing is well under way. Our facilities for greater industrial development are superior. A spur track to deep water has been built and fine factory sites are available.

Well built streets and sidewalks are constantly being extended. In a material way Redwood City is prospering.

In an educational way we must not fail to go forward. When the present building was erected in 1904, it was thought it would meet the needs of the district for many years to come. It has met them for 16 years, but we now have a wider horizon, and a clearer vision of the future than was possible in 1904. All our near neighbors have taken on new life, and Belmont, San Carlos, Woodside, Portola, Los Lomitas, Menlo Park and Ravenswood have since 1904 erected commodious and up-to-date school buildings, and fine homes are scattered everywhere.

Nothing has done more to make the community favorably known on the peninsula than the Sequoia Union High School. Its contests with other schools, particularly its debates, have given us a reputation we are anxious to sustain and extend more widely. The kind of schools we have has helped us to gain the kind of people that will make a line city. Fine schools do more to draw people to a town than probably any other agency. Most of our people recognize their power to influence new people to settle here. Why not give the High School a setting and surroundings that will increase its drawing power many fold? No school in the state in its first twenty-five years of life has had abler or more conscientious teachers. The success of its graduates proves this claim. Your appreciation can best be shown by assuring its future so far as a magnificent site is concerned by making certain the purchase of the Pissis tract. It means no more financially to the people of this district in 1920 than the present site meant in 1903, and yet it means everything to the future of the school.

GEORGE H. RICE COMPANY INSTALLING NEW FURNITURE

The George H. Rice Abstract Company is installing a costly steel counter containing many cabinets with filing compartments with locks and strictly fire proof in his office. This is done by the manager of the concern, C. M. Doxsee for safety and for the benefit of his many clients. The business of the office has so increased during the year that these improvements become necessary. The concern has handled hundreds of deeds during the past spring and owing to the numerous real estate transactions going on in the county the business is increasing daily. The George H. Rice Abstract Company believes in keeping abreast of the times and giving its clients every security. These improvements will cost the concern nearly $2000.

All their friends in Redwood City wish them a bon voyage and a safe return to the land of sunshine and plenty.

E. Ted Thompson, local agent for the Weschester Fire Insurance Company, has adjusted the loss caused by the fire which occurred in the rear of the Mullen building last Sunday morning. The sum of $400 was paid the owner of the structure. The blaze started in the back room of S. Milloch's shoe shop at 2 o'clock a. m., the cause of which is unknown. The fire department was on the scene early and succeeded in checking the flames.

A bench warrant was issued by Judge Buck yesterday for the arrest of Charles F. West. Some time ago he pleaded not guilty to a charge of grand larceny, he having been charged with stealing personal property from a local Chinese aviator. His trial was to have taken place in Judge Griffin's court on Wednesday afternoon but West failed to appear. West was out on bail amounting to $25.

FILING OF NOMINATION PAPERS CLOSED LAST THURSDAY

July 22 was the last day in which candidates for office could file their nomination papers. The following candidates filed their papers in the office of county clerk Elizabeth M. Nash:

George H. Buck superior judge, Joseph M. Francis, supervisor fourth township, John MacBain, supervisor third township, Rosalie M. Brown, supervisor second township, W. D. Shawhan supervisor second towhship, Thomas L. Hickey, supervisor first township, M. B. Johnson, republican and democratic nominations for state senator, Frank L. Eskward, republican and democratic nomination for assemblyman, John J. Fahy, supervisor of the first township.

Associate Justices of Appellate Court

Frank S. Brittain, John T. Nourse, William H. Langdon, and William H. Waste.

The law requires all committee men to file nomination papers to be elected and become qualified to act for their respective parties. The Republicans have failed to file any nomination papers and the democrats only of the third township have filed them. The lack of interest in this matter is due to the few duties required of the committeemen. They are usually appointed by both parties. The nomination filed in the third township are as follows:

John F. Ford, James D. Hedge, Albert Mansfield and Christian Stillesson.

HORNBLOWER SEEKS ASSEMBLY NOMINATION

William B. Hornblower, a San Francisco attorney a nsdon of the late Judge F.A.Hornblower a practicing attorney in Redwood City at one time, has filed his nomination papers in San Francisco for the Democratic and Republican nomination for the assembly. He is a grandson of W. B. Hornblower, supreme justice of New Jersey.

IMPORTANT DEAL CONSUMMATED

D. M. Flynn, local Ford dealer, yesterday closed a deal with George C. Ross whereby the latter is to erect a large garage on the property of Mr. Ross on Main street, adjoining the Offermann property. Work on the structure will begin at once.

The lot has a large frontage on Main street and runs back to Maple stret. The contemplated garage is to be the largest on the peninsula.

MAN WILL SEEK THE FLEET FOOTED DEER

Never before in the history of this county will the deer season, which opens tomorrow, see such an exodus of nimrods into the wooded mountains, hills and ravines in quest of the fleet-footed inhabitants of the tall timber and undergrowth. The supply of hunting licenses in the hands of our county clerk is fast being depleted and every mother's son who can carry a rifle and listens to the call of the wild will be at some favorite stand bright and early eager for the chase. District Attorney Swart would not miss the dawn of tomorrow's morn for a good deal, so do not blame your boy if your beauty sleep is disturbed by the rattling of cooking utensils at an early hour in an earnest endeavor to prepare a hasty breakfast.

The man who makes it a custom to take his family for an outing into the hills on a little picnic party had better remain at home, or, should he insist on going, dress himself, his better half and the youngsters in white duck clothing in order to preclude the possibilities of one of his loved ones being made the victim of a rifle shot fired by some careless hunter. A bullet fired from a Savage rifle or a 30-30 never knows when to stop, and while the H. C. L. makes it difficult to exist, remember it is not only a pathetic but an extremely expensive duty to bury the dead. Many old hunters who know their business will be on the trail, but the man or boy who didn't know the gun was loaded will also be in evidence and the fool who shoots at any moving object believing it to be a deer cannot be kept at home. The latter class should be deprived of carrying fire arms, as the accuracy of their deadly aim would be commendable were it not fraught with a human fatality every time they pull the trigger. It will be a great day for many, but it is no idle prophesy to assert that in all human probability the auto fiend will not be the only undesirable to furnish a Sunday job for the coroner and his deputies.

Mrs. Hatfield, after an investigation found that Hatfield had a wife in Oakland and had also three other matrimonial ventures She also discovered that Hatfield had spent a term in San Quentin. He was a gay lothario who loved the society of women of means. This story was told to the court who upon hearing it at once granted the annulment. Mrs. Hatfield resides at Daly City.

CAR LOADING CONTEST STARTED BY S. P. CO.

To aid in the heavier car loading campaign which is being waged all over the Pacific Coast by such organizations as the Good Railway Service Association of California, Agent L. R. Dains, of the Southern Pacific company announces that his company has decided to offer cvash prizes to all its agents in a car loading contest that will start August 1st and continue for three months. First prize of $50 and a second of $25 will be awarded to stations on the Pacific system which show the heaviest loading in each of 17 different commodities. An additional prize goes to the agent who makes the greatest improvement over his record for the corresponding period of 1918. Five credits will be allowed each station for each ton per car increase over the system average for corresponding period of 1918 and two credits for each per cent of incerase load to capacity and lesser increases in proportion. Award will be made to agent at station earning the highest number of credits for each commodity considered.

General Manager J. H. Dyer in sending out the rules governing the contest, calls attention to the necessity of obtaining for the public the maximum efficiency from existing railroad facilities. "The Southern Pacific desires to do all in its power to render efficient service at a time when the number of cars is below the demand of the Pacific Coast shippers. We are now actually rendering more transportation service than we did for the same period of last year. The average car load for bune, 1920, was 24-ton as compared with 22.4 tons for the same month of 1919 and we handled a much larger gross tonnage per mile, but with the increased business that is being offered we must stil do better and we rely upon the intelligent support of the shipping public."

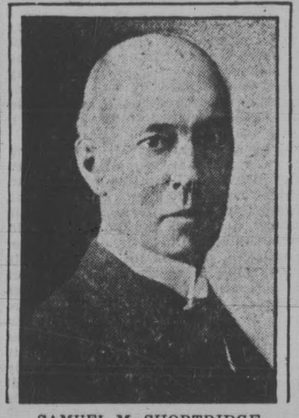
FOR UNITED STATES SENATOR—
SAMUEL M. SHORTRIDGE



SAMUEL M. SHORTRIDGE
Candidate for United States Senator

SAMUEL M. SHORTRIDGE A POPULAR FAVORITE

The speaking tour of Samuel M. Shortridge, Republican candidate for United States Senator, through South ern California has made him the popular favorite in the senatorial contest in the eigth southern counties.

All reports of his three weeks personal campaign of the southern part of the state agree that Shortridge has made a strong impression on the voters at the many meetings he has addressed.

Redlands, San Bernardino, Pasadena, Santa Paula, Escondido, San Diego, Redondo Beach, San Pedro and scores of smaller communities are listed as Shortridge strongholds as a result of the candidate's visit to the Southland. And despite efforts of his opponents to stave off the move, the strength of E. A. Meserve, retired candidate, in and around Los Angeles is flocking to the Shortridge banner. Women voters of the southern counties also are rallying to the Shortridge standard, appreciative of his many years of championship of the cause of woman suffrage.

Shortridge is overcoming the appeal to sectionalism that has been injected into the campaign, says the Oakland Observer, commenting on his tour of the south. The Observer says editorially:

"Although strenuous efforts are being made to make the fight for the Republican nomination for United States Senator from California one of sectionalism between North and South, this particular angle of the situation does not appear to be meeting with great success. Samuel M. Shortridge has spent much of the last month in Southern California and the unbiased reports of his meetings and receptions show that he is very strongly entrenched in the political heart of opponent Wallace's home terrritory."

HARDING'S MASTERPIECE

If there were any doubts lurking in the minds of independent political thinkers, if there were any disgruntlements yet to be found among disappointed partisans of unsuccessful candidates for the presidential nomination, if the slightest trace of factionalism still persisted, all doubts, all disgruntlements, all factional feeling vanished with the reading of thetruly marvelous exposition of Americanism which breathes in every line of Warren G. Harding's speech accepting the Republican nomination for the presidency. Henceforth, the struggle to restore constitutional government to our people, to save us from the toils of European and Asiatic intrigue, to deliver the nation from the rule of organized minorities, will be unitedly waged without respite until the forces of one-man government, internationalism, and class-pandering are dissipated and the triumph of the Harding-Coolidge type of nationalism brings the bitter struggle to a close.

The question which every reader of that splendid document must ask himself is, Am I for party first, or for America first? The speech is a benison to that man who would break away from the bondage instituted by Wilson, and which would be perpetuated by Cox, and who longs for the restoration of those American principles which transcend mere party differences. Nothing which Mr. Cox may say can add to or subtract from the intense patriotism, the breath of vision exhibited by Mr. Harding. No rhetorical design which that craftsman of fine phrases, Mr. Wilson, may weave upon his typewriter can curb the appeal which Harding's words make to the American heart. After all that has been said and done, the vast majority of us are Americans first. Those staunch desciples of Thomas Jefferson who have hesitatingly followed Woodrow Wilson in his political meanderings of the past few years, and who have recently been assured by Mr. Cox that he is but the shadow of his leader, may find in Harding's nationalism a signal for a parting of the ways; a refusal further to jeprodise American institutions by Wilsonian bell-weathering into a fool's paradise.

Harding's speech gives to the Republicans the assurance that they have done far more than to clinch a party victory by nominating such an exemplar of American thought. It convinces them that they have named the man who will save the nation from embranglement without and disruption within, for there is nothing in Harding's career as a statesman which has ever given the lie to the sentiments he has uttered. As he promises, so will he perform, and the promises to be read in his acceptance spcceh are the performances which will meet with the approval of the peoole.

Breathes there an American with soul so dead he will not subscribe to sentiments like these? Harding's acceptance address is but the prelude to his inaugural address on the 4th of March, next.

E. A. HAYES WILL NOT BE A CANDIDATE

The following letter was received this week from E. A. Hayes who declines to become a candidate for congress in the eighth district:

Mr. D. E. O'Keefe, My Dear Friend —I have received, through Mr. Johnson, a petition from you requesting me to become a candidate for Congress from this District, signed by you and a number of my friends in that neighborhood.

I fully appreciate your and their confidence and friendship, but circumstances at this time make it impossible for me to accede to your request.

Hoping to see you at some time in the near future and express my appreciation in person, I am, with warm est regards.

E. A. HAYES.

The country newspaper office, with its odor of printer's ink and the constant call of cold type, where the editor is required to be reporter, editor, publisher, business manager, to look after subscriptions and see to ads and collections, not to mention giving attention as a leading citizen to the affairs of his community, is one of America's greatest universities. Out of this university have come many of America's greatest men. Senator Harding has gone through the ordeal of this great school with conspicuous success.

The women of California should look kindly upon the candidacy of Samuel M. Shortridge, who is seeking the Republican nomination for the United States senatorshiu. He was very early an advociate of women suffrage and his voice was raised all over the state in their behalf.

IMPROVEMENTS IN REDWOOD

Among the many attractive improvements taht have taken place in Redwood City during the past few months, is that rendered by The James Crowe Undertaking company of 125 Webster street. We had occasion to call at their office a few days ago, and was surprised to learn that in the changes made, they had added to their establishment nearly twelve hundred feet of floor space, which gives them a beautiful showroom eighteen feet wide by thirty feet long. The wood work of this room is set in panels and finished in a silver gray stain, which with the carpets and furnishings of the same tones, lends to the visitor a very pleasing effect. Directly adjoining the show-room is the trimming and work room, and next comes the embalming room, which, of its nature, is the best that can be obtained, the walls and ceiling being finished in white enamel, the floor being covered with linoleum, the light and ventilation of this room being perfect, and with this addition to their already beautiful office and chapel which are in the bronws and tan, they have by far, the most attractive funeral parlors in San Mateo county.

COBURN TIMBER LAND APPRAISED BY SCHABERG

H. W. Schaberg, inheritance tax appraiser of the estate of Loren Coburn, deceased, has filed his inventory and appraisement of the timber lands of the estate comprising nearly 4000 acres. The lands are appraised at $150,000. They were sold for $153,840.15.

SERVICES IN LOCAL CHURCHES

Baptist Church

The usual bible study and public worship begins at 10 o'clock. We have no evening services, but join with the Methodist and Episcopal churches in the monthly union meeting. The meeting will be held at the Episcopal church next Sunday, at 8 o'clock, the pastor of the Methodist church preaching. All are welcome, and cordially invited.

St. Peter's Episcopal Church

Rev. E. I. McNally, rector—8 a. m., holy communion; 10 a. m., Sunday school, W. R. Bradshaw, superintendent; 11 a. m., holy communion and sermon. All communicants are asked to be present. Mrs. W. T. Davis will play the organ. 8 p. m. Union service at this church.

Rev. Mr. Thomas of the Methodist church will preach.

All Episcopalians are asked to be present to act as hosts and welcome those from other churches.

Samuel M. Shortridge, Republican candidate for United States Senator, is intensely loyal to California and yet he has a broad view which would prevent his being provincial in the halls of Congress.

Samuel M. Shortridge, Republican candidate for United States Senator, is a man of unparalleled eloquence. Aa a United States Senator he would rank with Senator Hiram W. Johnson and give to the State of California as strong and influential representation in the United States Senate as is possessed by any other state in the Union.

What's become of the prejudice against automobiles because they frightened the horses

NOW cars are everywhere. The horses have gotten used to them—and so has everybody else. Think of it! This year the American people will spend *nearly a billion dollars* on tires alone.

Tires are one of the *biggest items* on the car owner's bills.

II

Hardly a Saturday, when you motorists drop in to "tune up" for a Sunday trip, that one or more of you doesn't tell us something of value to our business. Sooner or later it comes back to you in *Service*.

Service is what the car owners of this community are looking for nowadays.

And especially the *small car* owners, who put service *first* in figuring their motoring expenditures.

III

Just because a man has a moderate-price car is no reason why he should get any *less service* out of his tires.

We believe that the man with the small car is entitled to *just as good* tire service as the man with the big car—and both are entitled to the *best tire service* they can get.

That's why we represent U. S. Tires in this community.

And why more car owners—*large* and *small*—are coming to us every day for U. S. Tires.

IV

Come in and talk to us about tires. We're here to help you get the kind of tires you want.

Select your tires according to the roads they have to travel:

In sandy or hilly country, wherever the going is apt to be heavy—The U. S. Nobby.

For ordinary country roads—The U. S. Chain or Usco.

For front wheels—The U. S. Plain.

For best results—*everywhere*—U. S. Royal Cords.

Doings at Peninsula Garden Spot As Told in Breezy Style By Our Reporters

Last Sunday the Menlo baseball nine handed the Palo Alto Native Sons a severe beating on the Palo Alto diamond by a score of 13 to 7. Home runs were made by Feeley and Kelly of Menlo and Hartman of Palo Alto. Both teams hit rather freely but the Palo Alto man did not get the support that the Menlo boys gave their pitcher. The bateries were: Tollner and Schuttle, Palo Alto, and Blanchard and Larrecou, Menlo. Next Sunday the local team will play a picked nine at the Base hospital. As the Menlo team is trying to hold a second place in the league and the the hospital team is trying to get out of the cellar a good game may be looked forward to.

Runnymede and the Ravenswood district may become a Coalinga in a short time. Who knows? During the week oil leases were given by property owners in that district to San Francisco parties to begin boring for oil. For some years it has been known that an oil strata existed in that locality. Gases have been emiting from the near-by marshes that have been tested by experts who declare that an oil strata is some where located in that locality. These oil men are securing leases all over the Ravenswood district.
